TRADE MARK

THE PRESIDENT forgot to say a word about binationalism by "international agreement." How will he square himself with the Western Republicans, who voted for him because of the international agreement plank?

More than eighteen thousand bills and joint resolutions were presented by members in the last Congress, 12,008 in the House and 5,535 in the Senate. In spite of this, some people will wonder why a President dreads to have a "Congress on his hands."

"The President did not surprise me with his trust provision," said Senator Jones, of Arkansas, chairman of the Democratic National committee, yesterday. "They are with trusts as they were with binationalism. They elected the President on this platform and then repudiated it. So it will be with trusts; condemned for campaign purposes and kept right on fostering and maintaining them."

PRESIDENT McKINLEY unloads responsibility for the correct solution of the trust problem upon Congress, and Attorney General Griggs unloads the enforcement of existing anti-trust laws upon the attorney generals of the several states. The result will be that in the general shifting around of responsibility the trusts will find opportunity to do entirely as they please. What Republican State Attorney General, having before him the terrible example of the turning down of Mr. Monnett, will comply with Mr. Griggs' suggestions concerning the enforcement of state anti-trust laws?

THE Transvaal war correspondents are working themselves into a state of heroic frenzy because several hundred men lost their lives in the recent battle of Modder River. It has been called "the bloodiest battle of the century," greater even than the battle of San Juan hill, which gave Col. Roosevelt undying laurels and furnished material on which more than a score of rival heroes of Santiago are basing their claims to greatness. In comparison with Modder River the other battles of the century sink into insignificance: Gettysburg, for instance, with a trifling loss of only 50,190 men; Antietam, 31,000; Spotsylvania, 18,996; the Wilderness, 17,696; not to mention Sedan, which cost 45,000 lives; and Gravelotte, 62,000.

"COMBINATIONS of capital organized into trusts to control the conditions of trade among our citizens, to stifle competition, limit production and determine the prices of products are justly provoking public discussion, and should early claim the attention of congress." That is an extract from the president's message. Note that the president says the trusts are "justly provoking" public discussion. But Senator Hanna claims that there are no such combinations as trusts, and that the combinations of capital which are denounced as trusts are "mere bugaboos used by the Democratic party to frighten the people." The president and Mr. Hanna should get together.

By a vote of 302 to 30, the House of Representatives decided yesterday that Brigham H. Roberts, the Utah Congressman-elect, accused of polygamy, should not be permitted to take his seat pending the investigation of charges against him. Mr. Roberts, of course, deferred to the will of the House, but not until he had delivered a speech in which the sentiment, "if you bar me, I'll be upon your charter and the state," was dominant. He gave the Administration leaders a severe side swipe by charging that the President and the Senate had, despite many protests in the form of affidavits, appointed to federal offices in Utah men against whom charges of polygamy had been made. "If the people of Utah are guilty of violating the compact with the Union," reiterated Mr. Roberts, "what of the president who has appointed to life positions in Utah men chargeable with the same offense?" There is no doubt but that Roberts will have to go, but before doing so he will try to leave some unsightly marks upon the national conscience.

At The Grand.

Next Saturday afternoon and evening Hoyt's "A Contented Woman" will make her initial bow to an audience, and that it will be to an audience that will test the seating capacity of the Opera House goes without saying.

As one enthusiastic critic has written: "A Contented Woman" is one great bouquet culled from all that is prettiest in the Hoyt flower garden. It is a performance upon which the dramatist, the composer, the costumer, the scenic artist, the mechanic, and the electrician have bestowed their highest talents, and for which dame nature has picked her handsomest women. It is the climax in a series of Hoyt successes, which have climbed higher and higher until it would seem money and brains had reached their final end."

The strongest cast ever sent out will be seen, headed by America's most beautiful woman, Miss Belle Archer.

Eczema, scald head, hives, itchiness of the skin of any sort instantly relieved, permanently cured. Doan's Ointment. At any drug store.

UNTIL JUNE

Prof. Thomas Will Direct Public Schools.

Resignation Reported to be In Hands of Board.

At the opening of the school year last September it was reported that a compromise had been effected between the Board of Education and Supt. Thomas. It was understood that Mr. Thomas would tender his resignation at the end of the fall term, 1899.

It has recently been intimated by a member of the Board of Education that Supt. Thomas' resignation is already in the hands of the proper committee. A successor to Supt. Thomas will be elected before the close of the present school year.

EVANGELIST MOODY WEAK.

But the Physicians Said He Would Recover—Bulletin on His Condition Issued.

EAST NORTHFIELD, Mass., Dec. 6.—The family physician of D. L. Moody after a consultation issued a bulletin to the effect that Mr. Moody was suffering from a weakened heart, the weakness causing dilation and that his condition was due to overwork. His ailment had caused a physical depression, but the patient was able to be dressed and walk from his bed to a chair. He suffers at times from difficult breathing. Mr. Moody eventually will recover. He sees no one except the family. He received very many letters of sympathy from friends in all parts of the country and often expressed gratitude for the thoughtful remembrance which they indicate.

Troops Ordered Home From Cuba.

WASHINGTON, Dec. 6.—Formal orders were issued from the war department to give effect to the recently announced decision of Secretary Root to reduce the force of United States troops in Cuba. The headquarters and eight companies of the Fifteenth infantry, now in Santiago and Puerto Principe province, Cuba, are ordered home.

Rev. John B. Hespelin Dead.

PHILADELPHIA, Dec. 6.—Rev. John B. Hespelin, C. S. R., the oldest member of the Redemptorist order in the United States, is dead at the rectory of St. Peter's Roman Catholic church here, in his seventy-eighth year. His death was due to the infirmities of old age.

TWO SESSIONS

In the High School.

Plan Recommended to Board of Education.

Cooking Class of Industrial School.

Will Use Kitchen at High School Building.

Dead Locked Over Election of Janitor—Proceedings.

The double session plan at the High School has been recommended for adoption, with the following suggestions:

First—To be put in operation immediately following the Christmas holidays.

Second—The hours be from 9 a.m. to 11:30 a.m. and from 1 p.m. to 3 p.m.

Third—The senior recitations to be arranged so as to allow that class to be excused earlier so long as a high standing be maintained.

Fourth—Others to be excused by the principal, only upon written statement furnished by parent or guardian and satisfactory to the principal.

Fifth—Those who remain in the building during the noontime to bring a luncheon, and be in charge of the principal.

The present plan, known as the single session, is from 8:30 to 11:45 a.m. and 12:30 to 2:00 p.m. The new scheme has been tried in Youngstown, Columbus, Springfield and Canton. The matter was tabled for two weeks.

Request Granted.

A committee from the Industrial school, composed by Senator J. Park Alexander, Rev. A. B. Church, J. H. Seymour, Mrs. A. K. Fouser, Mrs. A. Adamson and Mrs. Harley Homan, presented a request that the culinary department of the High school, be used by the cooking class of the Industrial school. Upon motion of Mr. Raymond the request was granted for the coming winter.

The Kindergarten.

The Supply committee recommended the purchase of kindergarten supplies. This led Mr. Kelly to inquire where the Board was trending in the kindergarten matter.

Mr. Slabaugh, chairman of the committee, said: "I am not a kindergarten man. It is a fine place for mothers who want to go down town to leave their children. I have doubted the legality of assessing the citizens of Akron for this work, to educate children under six years of age. But we are taxing at the rate of one mill and I took it that we had something like a garden. Now that we have it we must support it in a proper manner."

Deadlocked.

Another attempt was made to elect a janitor for the Allen school and as a result of the deadlock Mr. Nolf holds the position by appointment for the next two weeks. Dr. Millikin, chairman of the Janitors' committee, recommended that John Nolf be employed. Mr. Gibbons presented a majority report of the committee and recommended Lewis Yerrick. Mr. Raymond moved the adoption of the majority report. It was lost by the vote being: Ayes—Raymond, Gibbons, Talcott, Nays—Millikin, Slabaugh, Kelley, Diehm, Hartwell, Inman, Messers, Otis, Fosse and Reed were absent.

Mr. Hartzell thereupon made a motion for the adoption of the minority report. It was lost by a reversed vote.

Minor Matters.

The salaries of Miss Grace Stevens and Miss Inez Blodgett were increased, dating from the present time. The former will receive \$700, and the latter \$800.

Pupils of Spicer school requested that they be permitted to rent a piano at their own expense. Refused.

Supt. Thomas presented a plan whereby sewing and sloyd work may be carried in more advanced degrees in the High school. It was suggested that work rooms, be fitted up in the Leggett, Crosby and Kent schools for the children in those districts beginning the work. Referred to Schools and Discipline committee.

Miss Jeannette Allen was elected a regular teacher at a salary of \$400. A. M. Dyer withdrew as teacher of night school and E. P. Lilly was elected.

Miss Olive S. Taylor, now in Arizona on leave of absence asked for an extension of time to April 1. Granted, providing there is a vacancy in the teaching force when she returns.

Applications for janitor were received from H. C. DeRoss and Frederick Fogle.

The clerk has been ordered by Chairman Otis of the Finance committee to pay the teachers Dec. 23.

The bond of C. C. Bates as member of board of city estimates received. It is for \$500 and Wm. Buchtel surety.

Truant Officer reported that he visited 155 houses during the past month; sent for 118 pupils, apprehended seven truant and brought two before the mayor.

"What a difference in the suffering at time of childbirth"

when Dr. R. V. Pierce's medicines are used," writes Mrs. Edmon Jacobs, of Hargreaves, Johnson County, Ind. "I had not heard of Dr. Pierce's medicines three years ago when I was confined, so had to suffer almost unbearably. My baby was born, but I could not be on my feet without two persons holding me. The baby was a boy weighing nine and three-quarter pounds, and for some weeks after birth I suffered severe pain. Last fall, following the advice of a neighbor, I bought Dr. Pierce's Favorite Prescription. I also bought Dr. Pierce's Kidney and Bladder Pills. I was only in labor two hours and was on my feet without help until thirty minutes before my baby was born. He is now three months old and weighs sixteen pounds. I know it was Dr. Pierce's medicine that saved me from suffering. I advise all women to take Dr. Pierce's medicines. They are also 'Pleasant Pellets' if necessary."

"Following the advice of a neighbor," the writer says, "I bought Dr. Pierce's Favorite Prescription. The neighbor had tried the 'Favorite Prescription' and recommended it. Mrs. Jacobs has also tried it and proved its wonderful properties and now she recommends it. Beside such testimony as this its maker's words are of great importance. Mrs. Jacobs' experience is a fact. Her neighbor's experience is a fact. The written experiences of 25,000 other women are facts. There is no theory about it. There can be no question about it. In every neighborhood in this broad land there are women who have been cured by the 'Favorite Prescription.' It has cured more cases of female complaint than all other medicines for women combined. It is the only medicine of its kind invented by a skilled specialist in medicine—a regularly graduated physician of more than thirty years' actual experience."

What a weight of contradictory evidence there is in those six words. The neighbor had tried the 'Favorite Prescription' and recommended it. Mrs. Jacobs has also tried it and proved its wonderful properties and now she recommends it. Beside such testimony as this its maker's words are of great importance. Mrs. Jacobs' experience is a fact. Her neighbor's experience is a fact. The written experiences of 25,000 other women are facts. There is no theory about it. There can be no question about it. Mrs. Jacobs has also tried it and proved its wonderful properties and now she recommends it. Beside such testimony as this its maker's words are of great importance. Mrs. Jacobs' experience is a fact. Her neighbor's experience is a fact. The written experiences of 25,000 other women are facts. There is no theory about it. There can be no question about it. In every neighborhood in this broad land there are women who have been cured by the 'Favorite Prescription.' It has cured more cases of female complaint than all other medicines for women combined. It is the only medicine of its kind invented by a skilled specialist in medicine—a regularly graduated physician of more than thirty years' actual experience."

What a weight of contradictory evidence there is in those six words. The neighbor had tried the 'Favorite Prescription' and recommended it. Mrs. Jacobs has also tried it and proved its wonderful properties and now she recommends it. Beside such testimony as this its maker's words are of great importance.
